

Telework and social security – are you ready?

Course No.	23G03
Date	28.09.2023
Location	Virtual training (Zoom)
Time	15.00 - 16.30
Price	CHF 180.-- incl. participation, documentation

Background

The correct social security status in an international context is increasingly important for companies in Switzerland.

With regard to telework, the transitional provisions in the EU, EFTA and Switzerland were valid until 30.6.2023.

The solutions for teleworking since 1.7.2023 have been published and there is clarity about what is possible and what is not.

Are there also new options for telework with other countries and nationalities?

Content

I look at the various legal bases from a Swiss perspective.

- Definition of telework
- Agreement on the Free Movement of Persons VO 883/2004 and „Framework Agreement“ regarding telework, areas of application and limitations as of 1.7.2023
- Social security agreements between Switzerland and various countries
- No social security agreement

There are many practical examples and the steps to be taken are explained in detail.
